

My Transition Passport

This activity will allow you to select the most relevant information about yourself which you would like your new teachers at Tollbar Academy to know about you.

This will not be shared with other students if you do not want it to be.

There will be a box for you to place these in on your first day.

Remember to:

- put your full name and House group on the front cover
- this will not be shared with anyone else if you do not wish it to be
- this is an optional activity

You can either add a photo of yourself or draw a self-portrait. Additionally, you can add any questions you may have about your time at Tollbar.

Thank you

Mr Cookson
